In the case of insufficient number of competitors ( male or female ) in all categories, the Organizer has right to join any two near age-categories together - male or female categories, in fighting or in Duo-system. In this case, in fighting will be weight-categories as they are in younger category of those two connected ! The eventual decision about this will be done after the organizer will contact the officials of the teams that are concerned of this situation and after having their permission to do so - but for sure, before finishing and Official competing Lists for every category and sending them back to the registrated teams for this competition !
